Dear Sir or Madam,

Norafin Industries (Germany) GmbH is a manufacturer and supplier of nonwovens made of synthetic fibers, cellulosic fibers and natural fibers.

Regarding your request for food safety of the products mentioned below we would like to state as following.

02493 – Spunlace 70% VIS 30% PET coarse apertured (CA) Color Blue
02494 – Spunlace 70% VIS 30% PET coarse apertured (CA) Color Green
02495 – Spunlace 70% VIS 30% PET coarse apertured (CA) Color Pink
02496 – Spunlace 70% VIS 30% PET coarse apertured (CA) Color Yellow

After consultation with our suppliers of raw material and partners, we can confirm that the components of the above mentioned products are tested by accredited laboratories for their food safety and therefore comply with the following regulations.

- **XXXVI. Papers, cartons and boards for food contact (BFR)**
- **EU Regulation 10/2011**
- **Food and Feed Code (LFGB)**
- **Regulation EC 1935/2004**

Please note that we have not performed any tests for food safety on our nonwoven fabric. We recommend our customers to perform her own specific tests on their final products according to the appropriate end use to eliminate any risks.
