USAGE

For intensive cleaning, Oven & Grill Cleaner can also be used undiluted.

Soaking time: Allowing the product to soak for approximately 20 minutes before scrubbing provides even better cleaning and degreasing power. Diluting with warm water speeds up the soaking time.

DO NOT USE on aluminum, zinc, or painted surfaces.

For professional use only.

Only use this product for its specified purposes. If in doubt, first test the product in an inconspicuous area. BOMA is not responsible for any damages if the product is used incorrectly. Consult the Safety Data Sheet (SDS) for additional information.
