

FRITZYM

Enzymatic natural detergent- degreaser for professional

Degreasing powder product for deep cleaning of professional fryers. Dissolves all organic soils in the fryer (grease deposits, starch, proteins, fibres) thanks to its enzyme concentrated formula in order to ensure perfect hygiene and to restore the brightness of the equipment.

Advantages

- **Removes resistant stains** (grease, starch, proteins, fibres), even on the resistors, thanks to enzymatic action
- **Hazard-free** for staff and equipment (no dangerous fumes)
- **Time saving** due to the soaking of the equipment (less manual action thanks to enzymes)
- **Prevents clogging** in the pipes and drains due to the continuous action of enzymes
- **Positive impact on the environment** (discharge of pre-treated water)
- **Biodegradation** rate > 97% in 28 days (OCDE 302B)

Fields of application

Suitable for :

- Deep cleaning of professional fryer

Composition

95 % of the total ingredients are from natural origin

Components :

- >30% bases
- <5% sequestrant, anionic surfactants, non-ionic surfactants, enzymes

Directions for use

SOAKING

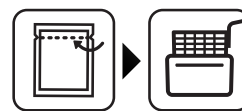

Recommended dosage: 2 sachets for a 12,5l fryer; 4 sachets for a 25l fryer

1. Empty the oil out of the fryer and remove any residue.
2. Mix the product in a bucket with hot water until it is fully diluted.
3. Pour the mixture in the fryer filling it completely.
4. Leave to soak overnight with the basket in the fryer.
5. Empty the fryer and scrub the edges.
6. Rinse the fryer with lukewarm water and dry if necessary.
7. Fill the fryer with oil.

Temperature

45-55°C maximum

Action

Concentration

2 sachets for a 12,5l fryer

4 sachets for a 25l fryer
