

Micro Scrub - 22 x 11 cm - BLUE

GENERAL

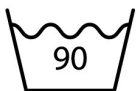

Scratch-free scrubbing cloth, a unique combination of hard synthetic fibres and microfibers.

- Suitable for removing all stubborn stains and hardened or dried dirt/grime of an organic or non-organic nature.
- A hygienic alternative to a conventional scouring sponge. The fibres are 100% closed, which prevents the growth of bacteria or mould in the fibres.
- Cleans quickly and thoroughly without leaving any scratches.
- Washable at 90° C.

USAGE

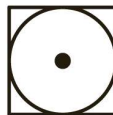

1. Before using the first time, wash the cloth once in the washing machine.
2. To remove stubborn dirt, moisten the stain using a spray bottle.
3. For ease of use, you can place the Micro Scrub on a pre-folded microfibre cloth in your hand before scrubbing.
4. Scrub the stain away. Remove excess dirt with the microfibre cloth (in your hand).
5. Machine-wash the Micro Scrub after each use. We recommend washing the cloth at 60°C using a colour detergent.

Machine wash, 90 °C

Do not bleach

Tumble dry, low heat (60 °C)

Do not iron

Wash without fabric softener

Micro Scrub - 22 x 11 cm - BLUE

TECHNICAL SPECIFICATIONS

Dimensions product (LxHxW) 22 x .5 x 11 cm

Dimensions: 22 x 11 cm
