

WoCa Wood Cleaner

Description

Eliminates dirt, grease and nicotine of rough and treated wood.
Based on soap. Free of phosphates and sulphates. Without solvents.
pH: 11,5

Application

Suitable for floors, panels, furniture, doors

Dosage

Thorough cleaning

1. Mix 1 part of WoCa Cleaner in 20 parts of water (if the wood is very dirty, use 1/10)
2. Apply the dilution with a fluff-free cloth.
3. Scrub the surface with a scrubbie set.
4. take off the released dirt.
5. Rinse with clear water.
6. Remove immediately the excess water with a fluff-free cloth.
7. Rub dry with a fluff-free cloth.
8. If necessary repeat steps 2 to 7 so that the wood is clean. Let dry the wood.

ATTENTION!: You are cleaning wood. Keep the use of liquid to a minimum !!!

Afterwards treat the wood with WoCa Maintenance paste or WoCa maintenance oil.
