GENERAL

Compact, odor-free and contactless ladybin

- hygienic and economic solution for sanitary areas
- thanks to the built-in sensor you never have to touch the lid
- incl. 2 D-batteries
- Simple, efficient and ecological use thanks to the infinite waste bag system
- can be wall-mounted or placed on the ground
- made of 100% recyclable ABS plastic

USAGE

Changing the refill cassette is easy:

1. open the door of the women's dressing container with the key provided and pull out the empty cassette holder forward
2. scrape the new foil with waste bags over the empty cassette holder
3. remove the paper label and pull up the outer layer of film
4. then push that outer layer down through the center of the cassette holder
5. place the cassette holder back into the women's dressing container
6. pull down a piece of foil and tie a knot at the bottom

Changing the waste bag is efficient and ecological:

1. open the door of the women's dressing container with the key provided
2. pull the film down slightly and cut the film on the inside of the door
3. tie a knot at the top of the cut foil and you have a sealed, odorless garbage bag
4. pull down a piece of foil and tie a knot at the bottom for a new garbage bag
