

Scotch-Brite™

Brown Floor Pad

For wet or dry Stripping

Technical Data

TD104. Date: May 1997

Supersedes: new issue

JP. Page 1 / 1

Description:

The Scotch-Brite Brown Floor Pad is a premium quality floor maintenance stripping pad, made of high quality synthetic fibre, in an open textured non-woven construction. Abrasive particles are dispersed throughout and bonded with a durable adhesive. Each floor pad has a pre-cut centre hole.

Special Features:

- Large size fibre mix for effective wet and dry stripping
- Open web construction for longer coverage from each side and easy washing
- Flexible pad for easier washing after use.
- Consistent performance
- Durable pad at work.

Where and When to Use:

RPM	150-250	300-500
Strip	XX	
Scrub	X	
Spray		
Buff		

XX Designed for X suitable

The Scotch-Brite Brown Floor Pad can be used for dry stripping of protected floors (with A303 aerosol) and wet stripping operations with any conventional stripping solution .

It can also be used with an automatic scrubber-drier , to maintain heavily soiled industrial floors.

Directions for Use:

1. Install under the machine pad holder
2. Apply stripping solution (wet stripping) or spray A303 (dry stripping) on section of floor to strip
3. Allow to stand for 5-10 minutes (wet stripping)
4. Strip the floor with floor machine (adding water to keep floors wet for wet stripping)
5. Pick up dirty solution and rinse the stripped floor twice with clear water (wet stripping) or wet mop the area with clear water (dry stripping)
6. Remove pad and wash it

Maintenance of pad:

1. Remove pad from machine after each use
 2. Rinse wash under tap water or spray water or keep pads soaked in diluted stripping solution to dissolve caked on finish (avoid dirty pads to dry before washing).
 3. Rinse and hang up for drying ..
- Note: do not machine wash

Performance Advantages:

Efficient for both wet and dry stripping operations
Durability : 7 000 to 10 000 sqm at 150 RPM in standard use with appropriate maintenance

Disposal Informations:

Discard into appropriate container, for incineration, if available.
Packaging material: recyclable

Product Specifications:

The Scotch-Brite Brown Floor Pads consist of polyester fibre and synthetic adhesive. They are not significantly affected by water, detergents and cleaners normally used for floor maintenance.

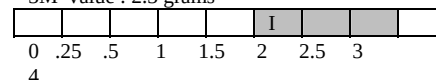

Product Characteristics:

Colour: brown
Marking: white 3M logo on one side.
Thickness: 28.0mm
Centre hole: pre-cut at 85 mm
Weight: 2300 g/m²
Fibre type: polyester, mixture of sizes.
Mineral: 45 % , natural type

Aggressiveness (Schiefel Value):

Expected value for stripping operation: 2.0 to 4.0 g.

3M value : 2.3 grams

Packaging and labeling:

Packaging material made of 100% recycled material.
Multilingual brown coloured label on each case. Bar code on each label.

Standard Sizes:

Standard Outside Diameters: from 203 mm (8 in) thru 505 mm (20 in) . Refer to price pages .
Other sizes available upon request (minimum quantities may apply).

Origin:

Made in France, ISO 9002 certified plant .
